Introducing:

JUSTICE FOR YOUTH

Attacking human trafficking at its source...

Human trafficking - enslaving males for forced labor; females for forced prostitution—now rivals illegal trade in arms and drugs as the world’s most lucrative crime. The Organization for Security and Co-operation in Europe estimates that 200,000 individuals are trafficked annually from eastern Europe, a significant proportion being children. Other estimates put this number much higher. According to Wikipedia, it is estimated that 2/3 of women trafficked for prostitution worldwide annually come from Eastern Europe, three-quarters having never worked as prostitutes before.

JUSTICE FOR YOUTH invites you to partner with them and their network of volunteers in countries ravaged by unscrupulous merchants in human flesh, who promise out-of-country jobs to high school students and orphans in nations suffering from high unemployment.

Your investment of \$19 will resource volunteers in Ukraine or Moldova - two former Soviet countries from which tens of thousands are sold into slavery each year - to go into local high schools.

JFY has secured the blessing of the Ministers of Education in Moldova and Ukraine to:

- ◆ post warnings against entrapment
- ◆ staff seminars focused on trafficking dangers and legitimate employment resources
- ◆ publicize a toll free number to call for help, including “transition houses”

You can get involved in the following ways:
